

# Help Protect Lake Michigan

...save water and energy

## Use less water when there's heavy rain.

- 💧 Wait to do laundry until the storm passes and then wash only full loads.
- 💧 Take a short shower instead of a bath.
- 💧 Install water efficient plumbing fixtures.
- 💧 A full dishwasher uses less water than washing the same load by hand.
- 💧 Turn the water off when brushing your teeth or shaving.
- 💧 Fix leaky toilets and faucets.
- 💧 Before pouring water down the drain, consider other uses for it, such as, watering a plant or garden.
- Never use your toilet as a trash can.
